## TESHIMA ART MUSEUM

### Museum Opening and Press Review (Vol.2)

Setouchi International Art Festival 2010 began in July, at venues on seven islands and in the Takamatsu Port area, and will continue over the next four weeks. Toward the end of this period on October 17, on the island of Teshima in Kagawa Prefecture (a festival venue), the Naoshima Fukutake Art Museum Foundation will open the Teshima Art Museum, a harmony of art and architecture created by artist Rei Naito and architect Ryue Nishizawa.

On October 16 before the museum is opened to the public, media representatives are invited to attend a press review and a press conference to be attended by Rei Naito, Ryue Nishizawa, and foundation chairman Soichiro Fukutake. Please make plans to cover this event.
